SmartVent positive3

SmartVent Positive3 is a centralised positive pressure system that monitors temperature and humidity conditions in your home, roof cavity, and at the outside source, to ensure that your home is kept dry, and your air is fresh. Two wireless temperature and humidity sensors means sensors can be placed in the optimum locations and not limited by cabling.

As a temperature and humidity-based solution, the SmartVent

Positive3 uses dew point control to increase or decrease airflow to control the moisture within a home.

Key features; energy efficient brushless EC fans, acoustic and thermally insulated ducting, low temperature protection, and a user-friendly control system and App control (SmartLife). The flexible upgrade options allow users to customise the system to suit their individual needs.

XB 300 CABLE ROLLER

The compact XB 300 Cable Roller is a universal cable winder/unwinder for all small to medium cable reels. Holds up to 300 kg.

- Universal cable drum rewriter and unwinder
- For all types of cables and cable drums even with very small inner diameters
- Compact - lightweight - 1.26 kg net weight
- Loadable up to 300 kg
- Excellent for damaged cable drums
- No cable clutter
- Trouble-free and rational work approach
- Non-slip and stable base

RUNP10137 - 44050020

XB 500 CABLE ROLLER

The compact XB 500 Cable Roller is a universal cable drum reel and unwinder for all types of cables and pipes. Holds up to 800 kg and is suitable for almost any type of drum.

- Universal cable drum rewriter and unwinder, suitable for all types of cables, pipes, wires and cable drums
- Loadable up to 800 kg
- Perfect for loose cable bundles
- Also suitable for empty pipes thanks to fold-out extensions
- Unwinding of 2 cable bundles simultaneously
- Excellent for damaged cable drums
- Non-slip and stable base
- Can be combined with RM35 cable length measuring device

TRANSFORM THE WAY YOU WORK WITH CATENARY WIRE!

Save time, save money, and work smarter - not harder

- ✓ Faster Installation - Flexible and easy to handle, only one person needed to install.
- ✓ Cost-Effective - Reduce labour costs and increase efficiency on every job.
- ✓ Multi-Purpose - Perfect as a catenary, or for hanging cable tray, lights, signs, and more.

5-48 kWh energy capacity range per stack

Solar Energy Storage

Sigenergy is a leading innovator in energy storage solutions. Their flagship offering, the SigenStor, is the world's first 5-in-1 energy storage system, combining a Battery Power Conversion System (PCS), Battery Pack, Electric Vehicle (EV) DC Charger, Photovoltaic (PV) Inverter, and Energy Management System (EMS) into one cohesive unit.

For more information contact your regional solar expert or email solar@jarussell.co.nz to get the right system for you.

Hot Water Isolator

Hot Water Isolator Switch Kit

- Single pole, 20A, 4.6kV AC-21
- 600 Series vertical plate & deep mounting block
- Includes conduit, wiring loom and connectors
- Suitable for isolation purposes;
 - Indicates the OFF position only when contacts are physically open
 - Clearly labelled OFF position
 - Can be locked in the OFF position
 - Prevents unintentional closure due to impact or vibration
 - Withstands specified impulse voltages
