DESCRIPTION

The compact XB 500 Cable roller is a universal cable drum reel and unwinder for all types of cables and pipes (core cables, cable rings, cable drums, empty pipes, ropes and cable drums). It enables trouble-free and rational working without tangled cables. The XB 500 Cable roller can be loaded up to 800 kg and is suitable for almost any type of drum.

Especially suitable for damaged cable drums.

The height-adjustable lid is perfectly designed to secure loose cables, cable rings or pipes in the XB 500, thereby preventing uncontrolled cable unwinding. The 6-fold-out support extensions enable a wider support surface of Ø 655 mm. 12 rubberized feet ensure a non-slip and secure stand. Ideal for protecting surfaces for already finished floor coverings.

Scope of supply: 1 x XB 500 Cable roller incl. XB mandrel
